Public CV summary | Profile source: September 2026 CV and VA resume

I am a clinical pharmacist, educator and researcher whose work connects ambulatory care, population health and comprehensive medication management. My practice includes chronic disease pharmacotherapy, medication adherence, patient education and collaborative clinical workflows. I also teach and precept healthcare learners, contribute to clinical research and textbook chapters, and develop documentation and practice tools that make evidence easier to use.

Professional experience

Population Health Management Pharmacist

Community First Health Plans | July 2024-present

Population-health and clinical pharmacy initiatives in diabetes, HIV, medication adherence and high-risk populations; utilization management, quality improvement and interdisciplinary education.

Ambulatory Care Clinical Pharmacy Specialist

University Health | January 2023-present

Collaborative medication management, chronic disease care, student and resident precepting, and EHR documentation development. The VA resume records a transition to per-diem work in July 2024.

Ambulatory Care Clinical Pharmacist Practitioner

H-E-B Wellness & Primary Care / Magenta Health | June 2020-January 2023

Developed ambulatory pharmacy services, clinical protocols, medication-access workflows, patient education and telehealth medication management.

Assistant Professor of Clinical Pharmacy Practice, Ambulatory Care

University of the Incarnate Word, Feik School of Pharmacy | 2020-2021

Clinical teaching, course development, patient assessment, case presentations and objective structured clinical examinations.

Education & postgraduate training

Master of Business Administration - in progress | University of Southern Indiana | 2025-present

Doctor of Pharmacy | Wingate University | 2014-2018

Bachelor of Arts in Biology | Bellarmine University | 2009-2013

PGY2 Ambulatory Care Pharmacy Residency | University Health / University Hospital | July 2019-July 2020

PGY1 Pharmacy Practice Residency | Valley Baptist Medical Center Brownsville | June 2018-June 2019

Teaching and Leadership Fellows Program, Track 1 | University of Texas at Austin College of Pharmacy | 2018-2019

Credentials

BCACP; BCPS. Texas and North Carolina pharmacist licensure, as reported in the supplied CV.

Teaching & precepting

Adjunct Faculty, Family & Community Medicine

UT Health San Antonio, Long School of Medicine | April 2024-present

Chronic disease pharmacotherapy instruction for third-year medical students, including diabetes, hypertension, heart failure and asthma/COPD.

Ambulatory Care Preceptor, PGY1 and PGY2 Residency Programs

University Health | January 2023-present

Clinical supervision, competency assessment, research mentorship, practice-development education and residency advisory work.

Adjunct Faculty, Ambulatory Care

University of Texas College of Pharmacy | 2019-present

Pharmacy learner mentorship, clinical teaching and competency development.

Adjunct Faculty, Ambulatory Care

University of the Incarnate Word, Feik School of Pharmacy | 2019-present

Clinical precepting, interprofessional learning and learner assessment.

Primary Preceptor, Ambulatory Care
